23-August 2025

13 Convert bytes into KB,MB,GB

```
#include <stdio.h>

int main() {

int bytes, KB, MB, GB;

printf("2000000000");

scanf("%d", &bytes);

KB = bytes / 1024;

MB = bytes / (1024*1024);

GB = bytes / (1024* 1024 *1024);

printf("KB= %d\n", KB);

printf("MB = %d\n", MB);

printf("GB = %d\n", GB);

return 0;

}
```

```
Output Clear
2000000000200000000/1024*
KB = 1953125
MB = 1907
GB = 1

=== Code Execution Successful ===
```

Figure 1: KB,MB,GB
