## 11 Convert grams into kg

```
#include <stdio.h>

int main() {

    int grams, kg;

    printf("5000");

    scanf("%d", &grams);

    kg = grams/1000;

    printf("kg = %d\n", kg);

    return 0;

}
```

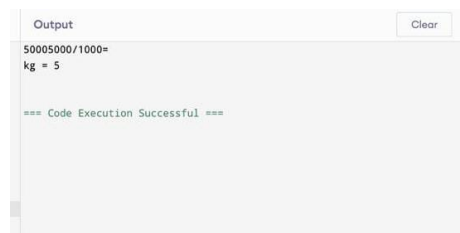

Figure 1: kg
